Community Comes Together: St. Joe's Women's Centre Supports 67 Students with Back-to-School Supplies

During this year's back to school season, St. Joe's Women's Centre supported a total number of 35 families, and 67 children with back-to school supplies.

These children ranged from kindergarten through to grade 12. We would like to extend a huge thank you to the members of our broader community who so generously donated supplies to support students pursuing their high school education. We greatly appreciate everyone's ongoing support! Additionally, thank you to the Caring and Sharing Organization for their tremendous support towards our community during this back-to-school season.

Going back to school can be a costly time of year. These programs play an important role in alleviating financial stress and ensure that children are supported with the materials they need to succeed in their education.
